ABOUT US

Nuestra misión se centra en crear piezas para mejorar la calidad de vida de las personas.

Vilagrasa es una empresa especializada en el diseño y la producción de papeleras y accesorios para oficinas, espacios públicos, infraestructuras, contract y hogar.

Nuestro ethos se basa en diseñar piezas que doten a cualquier tipo de espacio de mayor funcionalidad, contribuyendo a hacer la vida de las personas más sencilla y saludable.

DISEÑAMOS CON VISIÓN DE FUTURO

Fundada en 1957, Vilagrasa nació como un taller especializado en el repulsado de metales y metalistería en general. Consideramos que el futuro del diseño de papeleras y accesorios pasa por analizar el comportamiento de las personas que los utilizan. Nuestro proceso de concepción y rediseño de cada nuevo producto es el resultado de un estudio sobre función, utilidad y contexto, lo que nos garantiza el éxito en cada una de sus implantaciones.

Esta filosofía ha marcado la línea de la empresa desde sus inicios con el fin de dar soluciones funcionales que evolucionen en pos de ofrecer toda la calidad en sus productos y la mejor solución para cada tipo de espacio.

CREANDO PIEZAS PARA MEJORAR TODO TIPO DE AMBIENTES

Nuestro catálogo ofrece una variedad de productos creados por diseñadores de prestigio que colaboran con la firma con el fin de proporcionar calidad y funcionalidad. Nuestros diseños de papeleras, percheros y otros accesorios se adaptan a las necesidades de profesionales y particulares en espacios tanto interiores como exteriores.

Actualmente exportamos nuestros productos a más de 50 países. Realizamos también proyectos a nivel internacional y contamos con la confianza de destacados estudios de arquitectura e interiorismo.

COMPROMISO EN SOSTENIBILIDAD

Centrados en la producción local, para Vilagrasa es esencial poder ofrecer las mejores soluciones de forma sostenible teniendo siempre en cuenta el bienestar de las personas y su entorno. Todos nuestros productos se fabrican de acuerdo con los más altos estándares medioambientales y nuestros colaboradores participan enérgicamente en cumplirlos para el bienestar de nuestro planeta.

Our mission is focused on creating pieces to improve people's well-being.

Vilagrasa is a company specialized in the design and production of paper bins and accessories for offices, public spaces, infrastructure, contract and home.

Our ethos is based on designing pieces that provide any type of space with greater functionality, helping to make people's lives easier and healthier.

WE DESIGN WITH A FORWARD-LOOKING APPROACH

Founded in 1957, Vilagrasa was born as a workshop specialized in metal spinning and metalwork in general. We believe that creating tomorrow's paper bins and accessories involves analyzing the behavior of the people who use them. Our process of conception and redesign of each new product is the result of an inquiry into function, utility and context, which guarantees success in each final product.

This philosophy has been the company's backbone since its inception in our efforts to provide functional solutions that evolve in order to offer utmost quality in our products and the best solution for each type of space.

CREATING PIECES TO ENHANCE ALL KINDS OF ENVIRONMENTS

Our catalog offers a variety of products created by prestigious designers who collaborate with the firm in order to provide quality and functionality. Our designs of paper bins, coat racks and other accessories adapt to the needs of professionals and individuals in both indoor and outdoor spaces.

We currently export our products to more than 50 countries. We also carry out projects at an international level and benefit from the confidence of leading architecture and interior design studios.

COMMITMENT TO SUSTAINABILITY

Focused on local production, being able to offer the best solutions in a sustainable way while continuously taking into account the well-being of people and their environment is an essential point to Vilagrasa. All our products are manufactured according to the highest environmental standards and our collaborators are strongly committed to complying with them for the well-being of our planet.

Notre mission est axée sur la création de pièces destinées à améliorer la qualité de vie des gens.

Vilagrassa est spécialisée dans la conception et la production de corbeilles à papier et d'accessoires pour des bureaux, des espaces publics, des infrastructures, des maisons et pour le secteur contract.

Notre éthos est fondé sur la conception de pièces qui apportent une plus grande fonctionnalité à tout type d'espace, contribuant ainsi à rendre la vie des gens plus facile et plus saine.

NOUS CONCEVONS AVEC UNE VISION DE L'AVENIR

Fondée en 1957, Vilagrassa est née comme un atelier spécialisé dans le repoussage des métaux et le travail du métal en général. Nous pensons que l'avenir de la conception des corbeilles à papier et des accessoires passe par l'analyse du comportement des utilisateurs. Notre processus de conception et de re-conception de chaque nouveau produit est le résultat d'une étude de la fonction, de l'utilité et du contexte, ce qui garantit le succès de chacune de ses mises en œuvre.

Cette philosophie a marqué la ligne de l'entreprise depuis ses débuts afin de fournir des solutions fonctionnelles qui évoluent pour offrir toute la qualité de ses produits et la meilleure solution pour chaque type d'espace.

CRÉATION DES PIÈCES POUR AMÉLIORER TOUS LES TYPES D'ENVIRONNEMENT

Notre catalogue offre une variété de produits créés par des dessinateurs prestigieux qui collaborent avec l'entreprise dans le but d'offrir qualité et fonctionnalité. Nos conceptions de corbeilles, portemanteaux et autres accessoires s'adaptent aux besoins des professionnels et des particuliers dans des espaces intérieurs et extérieurs.

Actuellement, nous exportons nos produits vers plus de 50 pays. Nous réalisons également des projets au niveau international et des principaux studios d'architecture et de décoration intérieure nous font confiance.

ENGAGEMENT EN FAVEUR DU DÉVELOPPEMENT DURABLE

Axés sur la production locale, il est essentiel pour Vilagrassa de pouvoir offrir les meilleures solutions de manière durable, en tenant toujours compte du bien-être des personnes et de leur environnement. Tous nos produits sont fabriqués conformément aux normes environnementales les plus strictes et nos collaborateurs participent énergiquement à leur respect pour le bien-être de notre planète.

Unsere Aufgabe ist es, Stücke zu schaffen, die die Lebensqualität der Menschen verbessern.

Vilagrassa ist auf das Design und die Produktion von Papierkörben und Zubehör für Büros, öffentliche Räume, Infrastrukturen, den Objektbereich und den Privatbereich spezialisiert.

Unser Ethos basiert auf der Gestaltung von Gegenständen, die jede Art von Raum mit mehr Funktionalität ausstatten und dazu beitragen, das Leben der Menschen einfacher und gesünder zu machen.

WIR ENTWERFEN MIT EINER VISION FÜR DIE ZUKUNFT

Das 1957 gegründete Unternehmen Vilagrassa war am Anfang eine Werkstatt, die sich auf die Metalldruckerei und auf Metallarbeiten im Allgemeinen spezialisiert hat. Wir sind der Meinung, dass die Zukunft des Designs von Papierkörben und Zubehör in der Analyse des Verhaltens der Menschen liegt, die sie benutzen. Unser Prozess der Konzeption und Neugestaltung jedes Produkts ist das Ergebnis einer Studie über Funktion, Nutzen und Kontext, die den Erfolg bei jeder seiner Implementierungen garantiert.

Diese Philosophie hat die Linie des Unternehmens seit seinen Anfängen geprägt, mit dem Ziel, funktionelle Lösungen anzubieten, die sich weiterentwickeln, um die gesamte Qualität der Produkte und die beste Lösung für jede Art von Raum zu bieten.

WIR SCHAFFEN STÜCKEN, UM ALLE ARTEN VON UMGEBUNGEN ZU VERBESSERN

Unser Katalog bietet eine Vielzahl von Produkten, die von renommierten Designern entworfen wurden, die mit der Firma zusammenarbeiten, um Qualität und Funktionalität zu gewährleisten. Unsere Papierkörbe, Garderobenständer und anderes Zubehör passen sich den Bedürfnissen von Gewerbetreibenden und Privatpersonen in Innen- und Außenbereichen an.

Derzeit exportieren wir unsere Produkte in mehr als 50 Länder. Wir führen auch Projekte auf internationaler Ebene durch und haben das Vertrauen führender Architektur- und Innenarchitekturbüros.

BEKENNTNIS ZUR NACHHALTIGKEIT

Für Vilagrassa ist es wichtig, die besten Lösungen auf nachhaltige Weise anzubieten und dabei das Wohlbefinden der Menschen und ihrer Umwelt im Auge zu behalten. Alle unsere Produkte werden nach den höchsten Umweltstandards hergestellt, und unsere Mitarbeiter beteiligen sich tatkräftig an der Einhaltung dieser Standards zum Wohle unseres Planeten.

CONTRACT

En Vilgrasa llevamos cerca de 40 años trabajando en el ámbito contract. Es por ello que ponemos a tu disposición todo nuestro know-how para conseguir una solución optimizada para la instalación y ejecución de proyectos de ámbito privado o corporativo, como oficinas, teatros, cines, estadios, salas de espera, universidades y escuelas, auditorios, show-rooms, centros comerciales, infraestructuras o espacios polivalentes. Todas ellas tanto en interior como exterior.

Chez Vilgrasa, nous travaillons dans le secteur contract depuis près de 40 ans. C'est pourquoi nous mettons à votre disposition tout notre savoir-faire pour obtenir une solution optimisée pour l'installation et l'exécution de projets privés ou d'entreprise dans des espaces intérieurs et extérieurs, tels que bureaux, théâtres, cinémas, stades, salles d'attente, universités et écoles, auditoriums, show-rooms, centres commerciaux, infrastructures ou espaces polyvalents.

Vilgrasa has been working in the contract field for nearly 40 years. That is why we offer all our know-how to achieve an optimized solution for the installation and execution of private or corporate projects both indoors and outdoors, such as offices, theaters, cinemas, stadiums, waiting rooms, universities and schools, auditoriums, showrooms, shopping malls, infrastructures or multipurpose spaces.

Vilgrasa ist seit fast 40 Jahren in der Objektbereich tätig. Deshalb bieten wir Ihnen unser ganzes Know-how an, um eine optimale Lösung für die Installation und Ausführung privater oder unternehmerischer Projekte im Innen- und Außenbereich zu finden, wie z. B. Büros, Theater, Kinos, Stadien, Warteräume, Universitäten und Schulen, Hörsäle, Showrooms, Einkaufszentren, Infrastrukturen oder Mehrzweckräume.

CUSTOMISING

Añade un toque único personalizando cualquiera de nuestros productos con el color que quieras, haciéndolos a tu propio estilo y transformando el ambiente en la esencia de tu espacio.

Add a unique touch by customising any of our products with the colour of your choice, making them your own style and transforming the ambience into the essence of your space.

Ajoutez une touche unique en personnalisant n'importe lequel de nos produits avec la couleur de votre choix, en leur donnant votre propre style et en transformant l'ambiance en l'essence de votre espace.

Verleihen Sie jedem unserer Produkte eine einzigartige Note, indem Sie es mit der Farbe Ihrer Wahl individuell gestalten und so das Ambiente in die Essenz Ihres Raumes verwandeln.

Wastepaper baskets

CHECK

Roger Vancells

Diseñado con líneas sintetizadas y nítidas, muestra una clara vocación de convivencia e integración con la arquitectura de su entorno, sin pretensiones de destacar, convirtiéndose en un elemento más dentro del equipamiento donde se ubique.

Check es un contenedor de residuos de alta capacidad (100 y 180 L) destinado a cubrir zonas públicas de concurrencia en ámbitos diversos, como grandes instalaciones con espacios interiores y/o exteriores.

Uso interior.

STRUCTURES

check individual

check doble

ENERGY SOURCE

Using Lithium Batteries. 1 year of battery life
Dimension: 61,6 mm (AI)
Voltage: 3,6V
Capacity: 13Ah
Technology - Lithium thionyl chloride

FINISHES

White - Black

Black - White

Stainless steel

Designed with synthesized and clear lines, it shows a clear vocation of coexistence and integration with the architecture of its surroundings, without pretending to stand out, becoming one more element within the equipment where it is located.

Check is a high capacity waste container (26,41 gal. / 47,5 gal). Designed to cover public areas, such as large facilities, interior and or exterior spaces.

Indoor use.

Conçu avec des lignes nettes et synthétisées, il fournit une vocation claire de cohabitation et d'intégration à l'architecture de votre environnement, sans prétendre se démarquer, devenant un élément de plus dans l'équipement où il est situé.

Check est un conteneur à déchets haute capacité (100L et 180L) destiné à couvrir les zones publiques de passage dans différents environnements tels que les grandes installations avec des espaces internes et/ou externes.

Usage intérieur.

Das Design mit klaren und definierten Linien zeigt, ohne auffällig sein zu wollen, ein deutliches Konzept für das Zusammenspiel und die Integration mit der Architektur des Umfelds, und so verwandelt es sich in ein Element mehr in dem Bereich, in dem es platziert wird.

Check ist ein Abfallbehälter mit großem Fassungsvermögen (100L und 180L) für öffentliche und belebte Zonen in verschiedenen Gebieten wie weitläufige Anlagen mit Innenbereichen und/oder Außenbereichen.

Für Den Innenbereich Geeignet.

STRUCTURES

speak-01

Fixed lectern supported by a thick base for sturdiness. Made of painted steel, it has a light but compact architecture, ergonomics that have been carefully designed down to the last detail and a characteristic gesture, almost sculptural, with a slight inclination in its profile that makes it perfect for its use. Optional: light, microphone, USB, HDMI and RGB connections.

speak-02

Compact metal auxiliary unit made of painted steel, easy to handle and move around thanks to its wheels. It has a hole in the upper tray to facilitate the passage of cables.
